EDUCATION

Bachelor of Engineering in Computer Science — Chandigarh University CGPA - 7.81 JUN 2025
Relevant Coursework: Computer Networks, OOPs, DBMS, Data Structures

SKILLS

Languages	C++, Python, Java
Web Technologies	JavaScript, React.js, Node.js, MongoDB
Cloud and Tools	AWS, GCP, Git, Jenkins, Maven, Redux Toolkit
ML and Data Analytics	NumPy, Pandas, Matplotlib, Pytorch
Behavioral competencies	Excellent Communication skills, Team collaboration, Time management

EXPERIENCE

Junior Analyst — KoiReader Technologies June 2025 - Dec 2025

- Developed and deployed ML models using **Python** and **TensorFlow** with.
- Improved data processing workflows using **NumPy** and **Pandas**, boosting efficiency.
- Led **QA testing** for model analysis, visualized results using **Tableau**, enhancing insights and decision-making.

Software Developer Intern — BlueStock Fintech June 2024 - July 2024

- Built a **scalable web application** and **REST API** using **Node.js** and **ReactJS**.
- Created dynamic PDF linking, increasing user interaction, boosted data access performance.
- Optimized **ReactJS** front-end, enhancing application performance.

PROJECTS

HamarJob - Full-Stack Job Portal

- Led full-stack development of job portal with **various dynamic search filters**, boosting search efficiency.
- Built scalable backend with **PHP, Node.js, MySQL** and responsive frontend using **HTML5, CSS3, JavaScript**.
- Deployed on **Hostinger**, ensuring secure access and proximity-based job matching.

Real-Time Stock Market Data Pipeline

- Designed an end-to-end real-time data pipeline using **Apache Kafka, Python**, and **AWS (S3, Glue, Athena)**.
- Ensured scalability and fault tolerance in data ingestion, processing, and storage, enhancing system reliability.

GENERATIVE AI ENABLED – APPLICATION

- Plan and build an application where people can ask anything and AI enable will answer.
(Java, Nodejs, MongoDB)

CERTIFICATIONS

- **Data Visualization with Tableau.**
- **Full Stack Development with IBM**
- **Introduction to generative AI.**
